

BAXT

FFP3 PARTICULATE FOLD FLAT RESPIRATOR G4 VALVE CBFFMP3

The BAXT CP3 Series Disposable Respirators offer superior protection and ultimate comfort. With low breathing resistance and a lightweight outer shell, the respirator maintains excellent shape and fit during use.

Part Number

CBFFMP3

Packaging

10 masks per box
20 boxes per case
Recyclable box and compostable bag

Certification

EN 149: 2001 + A1: 2009
FFP3 NR UKCA

Usage

This respirator is disposable and for single shift only. Not to be cleaned or reused.

Features

- A lightweight, foldable respirator
- Comfortable and lightweight 4-point adjustable straps
- A pre formed nose bridge eliminates the need for regular adjustment
- Reliable and effective protection against fine particles with high-performance filter material
- Conforms to EN 149: 2001 + A1: 2009 FFP3 NR
- UKCA approved

Headgear Connection

- Metal-free connection
- The connection point does not touch the skin
- Withstands frequent wear and removal
- Four-point adjustment with two headbands for ultimate comfort
- Can be applied and removed without touching the mask material, reducing contamination

Nose Pad

- Memory foam creates an excellent seal and good skin contact
- Prevents fogging of glasses
- Non-slip material reduces mask dislodging
- Non-irritant materials

G4 Valve

- The unique BAXT G4 Valve gives maximum comfort, quickly expelling hot and humid air
- Cool, comfortable and safe breathing
- The transparent valve cover protects the valve in the harshest conditions

Adjustment Buckle

- Adjustment buckle on the entire ring headband
- Creates a comfortable seal when in contact with the face
- Easily adjust to different face shapes and head sizes
