

## Product Description

The BAXT Freezer Spray is a general purpose freezer spray for loosening fixings, freezing pipes and cooling epoxy in composite forming to reduce tack in prepreg applications. It briefly decreases the temperature of the substrate to -50°C. Supplied with a 360° valve and a spare long-reach valve applicator.

### Product Code:

PBFZ5

### Description:

BAXT Freezer Spray Aerosol – 500ml

## Product Data

Base	Propane / butane
Colour	Colourless
Areas of use	Fasteners and fixings, pipes, composites
Minimum working temperature	10°C
Maximum working temperature	25°C
